

BDP1 & BDP2 GENERAL CONDUCT (20%)

(GC1) Punctuality and Attendance (Weightage: 1.50)	PO8: Ethics SK9
Consistently attends scheduled consultations on time, comes prepared, and provides clear and up-to-date project progress records.	10 9
Usually attends scheduled consultations on time, is prepared, and provides regular project progress updates.	8 7 6
Shows satisfactory attendance and punctuality, but preparation or progress tracking is sometimes inconsistent.	5 4 3
Frequently misses or is late for consultations and shows poor preparation or progress tracking.	2 1
Does not attend required consultations or provide project progress updates.	0
(GC2) Initiative and Independence (Weightage: 2.00)	PO8: Ethics SK9
Shows excellent initiative and independence by identifying problems, proposing appropriate solutions, using relevant engineering knowledge and technologies, and progressing with minimal supervision.	10 9
Shows good initiative and independence in identifying problems and proposing solutions, with occasional supervision.	8 7 6
Shows satisfactory initiative but requires frequent guidance to identify problems, propose solutions, or progress with the work.	5 4 3
Shows poor initiative and depends heavily on the supervisor for decisions and project progress.	2 1
Shows no initiative or ability to progress independently.	0
(GC3) Time Management and Responsiveness (Weightage: 2.00)	PO8: Ethics SK9
Manages project time excellently, consistently meets milestones and submission deadlines, and responds promptly to project-related communication.	10 9
Manages project time well, meets most milestones and deadlines, and responds to communication with minimal delay.	8 7 6
Shows satisfactory time management but occasionally misses milestones, deadlines, or delays responses.	5 4 3
Shows poor time management, frequently misses milestones or deadlines, and is slow to respond to communication.	2 1
Does not manage project time or respond to project-related communication appropriately.	0

(GC4) Receptiveness to Feedback (Weightage: 1.50)		PO8: Ethics SK9	
Accepts feedback professionally, critically evaluates suggestions, and consistently incorporates appropriate improvements into the project.		10	9
Accepts feedback positively and incorporates most appropriate suggestions into the project.		8	7 6
Accepts feedback but applies suggested improvements inconsistently or requires repeated reminders.		5	4 3
Shows poor response to feedback and rarely incorporates appropriate suggested improvements.		2	1
Rejects or ignores constructive feedback and does not make required improvements.		0	
(GC5) Professional Ethics and Integrity (Weightage: 1.50)		PO8: Ethics SK9	
Consistently demonstrates excellent professional ethics and integrity, including honest reporting, proper data logging, appropriate acknowledgement of sources, and compliance with safety and laboratory procedures.		10	9
Demonstrates good professional ethics and integrity with proper reporting, data handling, acknowledgement of sources, and compliance with safety procedures.		8	7 6
Demonstrates satisfactory professional ethics and integrity but requires occasional reminders on documentation, acknowledgement, or safety procedures.		5	4 3
Shows poor professional ethics or integrity and requires repeated reminders regarding reporting, data handling, acknowledgement, or safety procedures.		2	1
Does not demonstrate acceptable professional ethics and integrity in the execution of the project.		0
